

Properties

Heroic Leap

After using **Block**, you may immediately **Jump** your **Speed**. This movement does not provoke opportunity attacks.

Athletic

You have the **Swimming** buff: you ignore **Difficult** and **Unstable** water terrain. You have the **Climbing** buff: you reduce the cost of **Elevation** barriers to 1 when going up, and ignore them when going down.

Turn Order

At the start of each **Hero Phase**, gain 1 **Mana**. During the **Hero Phase**, each **Hero** takes a **Turn**, during which they may make one **Move** and one **Major** action. During the **Monster Phase**, you may only use **Reacts** and **Opportunity** attacks.

Sprint

Once during each of your turns, you may spend 3 **Mana** to gain an extra **Move Action**.

Major Actions

Basic Attack

Make a **Basic Melee** or **Basic Ranged** attack. Choose a target in range, and roll your damage. Making a **Ranged** attack triggers **Opportunity Attacks** from adjacent enemies.

Charge

Choose a **Target**. Move up to your **Speed**, at least 2 squares, each square bringing you closer to the **Target**. If your movement brings you adjacent to the target, make a **Basic Melee Attack** against the target. End your turn.

Move Actions

Advance

Move a number of squares up to your **Speed** on the battlefield. Moving in any way triggers **Opportunity Attacks** when you leave squares adjacent to enemies.

Shift

Shift 1 square. Shifting doesn't trigger **Opportunity Attacks**.

Recover

Choose one **Permanent** duration condition on yourself or an adjacent ally. Downgrade that condition to **Temporary** status.
